Ministry Review of Jonathan M. Wright – The Codesearcher

The following witnesses:

Peter Michael Martinez, Jeff Provissiero, and Drew McPherson

All three bare witness to this report and confirm the following findings to be our joint conclusion of the facts we have witnessed concerning the subject, Jonathan Matthew Wright.

Our review begins in the last week of January when our invitation to come to Arizona for recovery was accepted by Mr. Wright.

Jonathan arrived from Hawaii and was given a place to rest here with us as he was sorting his life after his breakup with Darla, his wife.

He was accused in departure from Hawaii by Darla of being a pedophile and adulterer.

We could not ascertain whether or not Jonathan was guilty of pedophilia, however, after thorough review and his own statements before multiple witnesses, we have concluded that indeed he has committed adultery on several occasions and would have with ***** if she had been willing.

In fact, we ascertained through his direct admission and testimony that the relationship with Darla was begun in adultery.

Darla was not divorced at the time of their “Hebrew wedding” which is a euphemism for fornication.

Additionally, Jonathan admits attempting to have an affair with ***** but she refused and disconnected from him which is when we became aware of him.

Diagnosis: Acute need for deliverance from multiple spirits.

Prognosis: If Jonathan can receive and be delivered from these spirits, he can recover but this will require serious and authentic humility that seems very foreign to Jonathan.

Noted behavior: The following observations are clear indicators of malformed character. Through childhood trauma and life-long substance abuse, these strongholds have become acute.

Deceit by Exaggeration:

- Given to overstating to make a point. Emphatic in what he believes even if exaggerated. Dishonesty was detected immediately upon the very first interview.

He later will fill in details he failed to mention and then will behave as if the details he manipulated were/are immaterial.

- Example: He introduced *****, his new girlfriend, as a 7 year student of his. He stated that she was following his codeseacher class for 7 years. This was repeated several times and was false. ***** confirmed only 1 year and was not actually a student but a supporter.

-False Accusation based on lies he believes to be true. On several occasions Jonathan was convinced someone had “hacked” his account but there was no evidence in any of his account of hacking that could be found.

- Jonathan will tell you flattering words while he is in need of help but when he no longer needs you, then he gets “honest” which is a form of narcissistic abuse.

- Embellishment to make a point was a common impression among us all.

Spirit Of Anti-Messiah. Hypocrisy

We note that the only references made to Yahuah were to confirm Jonathan or confirm his ideas. No sense of actual relationship with Yahusha.

He seems to have diminished Messiah to next to nothing.

He calls others like Mr. Glazerson “rabbi” in direct violation of the Messiah’s command.

We heard no reflection, revelation, or teaching on Messiah during his entire visit. Yahusha was not mentioned.

Restless Anxiety: Jonathan does not reflect the shalom of Messiah in any of his actions, words, or deeds behind closed doors.

He appears one way to the audience but he is not the same person when the camera is off.

Pride:

- The level of self-exaltation is staggering to behold. He believes himself to be above all vessels on the Earth today.
- His disrespect for all who do not revere him laces all conversation.
- This spirit of pride takes no correction, criticism, or rebuke.
- Jonathan has mastered the technique of appearing to listen and value another while manipulating that person.
- His only check is need. When he doesn't need you, that is when you will see the PRIDE in full effect.

Entitled Behavior:

- Low work ethic: Must be strongly admonished to contribute to team effort. Has a very independent mindset of superiority.
- Poor/fair social interaction
- Struggles with common courtesy
- Will take advantage if allowed. (Borrowed a vehicle to visit ***** and did not return as promised. Returned a car 2 weeks after deadline not cleaned or full.)
- Left a mess of our cabin with no regard to future guests who found drug paraphernalia in his drawer. (Crack or chemical pipe)

Immature:

- Appears to not function as a normal adult in basic areas.
- It appears to us he uses the cover of ministry to commit financial fraud.
- His reflection is only after confrontation
- Low state of inner rest
- Highly effected by his perception of others' perception of him.
- He appears to take his cue from reactions of others rather than from an internal sense of his own being.

Substance Abuse

- One of our elders found a crack pipe in his room hidden.
- High Cannabis consumption 2 - 4x medicinal level at least
- Experimental drugs including DMT, Ayuaska
- Heavy Alcohol consumption
- Has admitted using Mushrooms and psychedelics
- Girlfriend ***** described the cabin he lived in as a “meth lab” and it looked like “tweakers” lived there which took 2 weeks of cleaning.
- Ordered substances from a company called “diablo” which means devil and thought nothing of it.
- Ordered ingredients to “cook” drugs here on property which we confronted him on and rejected the notion of DMT or
-

-
- Ayuhuaska as a “spiritual drug” for speaking to his “spirit friend”.

Sexual Abuse:

- Began a relationship with a married woman and was there when the husband died in the desert. No remorse or repentance.
- Legitimized this relationship before all and then gaslighted his entire audience into believing HE was a victim when he terminated the relationship and pursued an adulterous affair.
- Left Hawaii farm in failed attempted to have an affair with *****.
- Attempted Sexual abuse of ***** was unsuccessful and ***** terminated the relationship.
- Confessed to active sexual relationship with ***** which she called FORCED and manipulated. He admitted “several” sexual encounters with *****.
- Left ***** traumatized and despondent.

Spiritual Abuse:

- There appears to be a pattern of gaslighting. He creates very turbulent relationships which Jonathan takes advantage of. Left *****’s home with vehicle which he did not fully pay for and

- still owes a balance on with NO communication to resolve to date. (08/08/2022)
- Jonathan convinced ***** to lay with him shortly after his birthday under the false “Hebrew marriage” excuse and she gave in.
 - Used “codes” as a way to convince her they were “soul mates” according to her.
 - Left a horrible mess that she took weeks to clean in the house in which he stayed.
 - Taking advantage of the need of people for affirmation to sell them “personal codes” and there are those who have already reported having paid MONTHS prior and not receiving any codes. This is a serious issue before Elohim. I do not agree with this practice.
 - Speaks in derogatory and disrespectful manner to elders 10+ years his senior.

Spiritual Open Doors

- Kabbalah – does not discern his contamination
- Placed a New Age graphic and Mandala on the wall and above his head in a guest home and left them there, which are used to summon demons.
- Moon Worship – clearly under some sort of spell
- Given to extremes especially anger and frustration
- High Anxiety such that he paces and cannot control himself.

- Shamanism: Called himself a “mystic” which he received from his “spirit guide” and now attempts to convince others to take ayahuaska wherever he goes.

We have detected the presence of multiple entities that accompany Jonathan and are part of his “atmosphere” which affect any place that he goes.

He is clearly demonized and may indeed be borderline functionally possessed.

His level of cognitive dissonance is acute and he cannot see his own behavior unless someone points it out and even then, his reactions are superficial and lack sincerity.

It appears that Jonathan is a narcissist and he has learned to “mimmick” sincerity while leaving those who trust him in serious regret.

He is in the process of ruining his own reputation in the sin of Divination.

Conclusion: Jonathan M Wright is a False Prophet

False Prophecy: I sense severe judgment shall fall upon him.

He pronounced DEATH over *****'s father instead of healing ... this is sobering.

Should Elohim save this man, will this mean the judgment shall fall upon him instead?

He said that "Yahuah told him the man would die in 3 weeks."

We are praying for him (*****'s father) to LIVE and not die.

We shall see what Yahuah will do to judge the matter. Should the man die, then Jonathan will be lost to us as this will feed his pride and cause him to be fully given over to these spirits.

IF the man lives ... then the words will fall on him.

Either way, this matter will be concluded.

UPDATE 08/08/2022: This was false prophecy. The man did not die as Jonathan predicted using his false spirit.

Any further questions about Jonathan and the spirits to which he is listening are concluded.
